Typography

Georgia

Editorial headings and italic emphasis

Shaping spaces.
Defining detail.

Use generous spacing and a clear editorial hierarchy.

Arial

Body copy, navigation and contact details

Specialist craftsmanship.
Carefully executed interiors.

Keep supporting copy concise, aligned and easy to read.

Do and do not

DO

Use the original proportions

Keep a clear border around the complete logo.
Place dark green artwork on an ivory surface.
Use approved artwork at a legible size.

DO NOT

Rotate the master lockup

Stretch the artwork or remove any elements.
Change the colors or add outlines and effects.
Place the logo on a busy or low-contrast image.

For dark surfaces, use a single approved ivory knockout of the complete lockup.
